YUMA ART SYMPOSIUM

The Yuma Art Symposium is a series of demonstrations, lectures and visual presentations given by both internationally recognized and emerging artists who have demonstrated unusual talent. The 43th Yuma Symposium begins on Thursday, Feb. 24, 2022 with registration, a social gathering and the traditional pin swap. Orientation and informal introductions of the presenters will follow at 7 pm at the Yuma Theater.

Exhibitions & Events

PRE-SYMPOSIUM AT ARIZONA WESTERN COLLEGE - Thursday Feb 23rd

Arizona Western College, in conjunction with the Yuma Symposium, hosts the "Pre-Symposium Day at AWC" on Thursday morning and early afternoon. Four presenters will give previews of their symposium presentations free to the public.

PIN SWAP For 41 years participants have made pins, usually in their preferred medium, ranging from the goofy to the sublime. The best access to and selection of pins will be at registration on Thursday. However, pins are traded and sold throughout the symposium.

STUDENT EXHIBITION Registered student symposium participants are encouraged to show a single "installation-ready" work in the student exhibition, which is displayed concurrently with the presenter exhibition Friday evening. **ONLINE REGISTRATION!** All Student show submissions **MUST** be registered online **before midnight February 17, 2023** to be included in the exhibition. If you have not registered online by the deadline you will not have work in the exhibition!

AUCTION Whether you're at home or attending the symposium, you can **join us online for this year's auction**. This is a great opportunity to add to your contemporary art collection. Many of the top artists in the country donate to the auction. All proceeds benefit the Friends of the Yuma Symposium. Bidding will open at 10:00am Thursday, February 24th and close on Saturday the 26th at 7:00pm (Yuma time) during the dinner and dance.

SHOW YOUR STUFF Show Your Stuff is an event that turns the symposium attendee into the symposium presenter. Participants have the opportunity to give a 5 minute presentation of their personal work on Friday night of the symposium. It is a wonderful way to get your work out in public, practice your public speaking, or, if desired, ask the audience for their constructive feedback. See website for more information.

SAW, FILE & SOLDER SPRINTS Three-person relay teams usually, but not necessarily, skilled in metals convert the making of a simple ring into an exciting sports event. Naturally, gorgeous trophies will be awarded to the winning teams. Put a team together and challenge the champs!
